Motorisation Information	<p>The Motorised Options are:</p> <p>Battery Operated Motor with Wand or Remote. Battery Operated Blinds use 8 x AA Batteries per Blind. (batteries not included) These are not recommended for frequent use as the batteries may require regular changing. The batteries will need replacing according to the frequency of use and are not rechargeable. Motorised Battery options are not recommended for high window area's (due to the requirements to change batteries).</p> <p>Powered Operated Motor With Power Adapter (Hardwired Motor) with Wand or Remote. These use a 240V Mains Plug and will require a power point/socket close to the Blind. The Blinds will need a continuous power source to operate.</p> <p>Rechargeable Battery Operated Motor With Power Adapter with Wand or Remote. These use a 240V Mains Plug and will require a power point/socket close to the Blind when recharging the battery. This option is not available for Skylight Motorised Blinds.</p>											
Notes	<p>* Clutch Day Night, One Control Cord minimum width is: 600mm (Height < 2000mm), 700mm (Height ≥ 2000mm). Clutch Cord is supplied as Cotton/White, unless specified otherwise</p> <p>¹ Motorised Day Night & Motorised Top Down, Bottom Up Minimum Widths: 910mm (Battery - Simple Touch Wand) 1200mm (Battery - Simple Touch Wireless Remote) 850mm (Powered Operated Motor With Power Adapter - Simple Touch Wand) 1000mm (Powered Operated Motor With Power Adapter - Simple Touch Wireless Remote)</p> <p>² Motorised Skylight Side Channels available in White only.</p>
